

Micro-Needling Designed to get down deep and grow new collagen to treat wrinkles, acne scars, and sagging skin. For the face, and body too! You will need a little down time and a series of treatments but an amazing change in just one session. This is a serious therapy that yields major results. This is MEDICAL grade so stop throwing away \$\$ on cheap imitations.....

Clear and Brilliant An infrared diode laser designed to renew the skin superficially or deep, depending on our target. Less down time than micro-blading, but still results in just one session. More is better so plan on a series of treatments and love your skin!

EMSCULPT NEO NOT the old Emsculpt, **NEO** does it all in 1 treatment. Literally like doing 30,000 sit ups in 30 minutes, Lose 30% fat, gain 25% muscle and skin tightening to boot. Recommended number of treatments is 4, just 30 minutes each. Can be done on arms, buttocks, thighs, abs and coming soon, love handles.

Hydrofacial MD The latest tech in facial treatments does not disappoint. We offer different versions so call and inquire which one best serves you.

Pick a Facial see our separate menu of facials to find the perfect match for you. Address a skin problem or just be pampered.

IPL stands for “intense pulsed light” and it’s often advertised at “beauty spas”. Our MEDICAL IPL is focused into a specific wavelength of laser light to target what you need to get rid of: sun-damage, age spots, melasma, brown pigmentation, etc.

Lasergensis This laser is for getting Rid of Red: rosacea, vessel flushing, red spots, etc. A series is needed but there is little to no downtime.

Laser Vein Therapy Good news- You may not need a laser! Based on where your dilated, broken vessels are located and what size they are, we will design a removal plan specifically for you. Whether you need sclerotherapy, radiofrequency or one of our many lasers, we’ve got your veins covered so you can uncover.

Lamprobe Radiofrequency is pinpointed to remove skin tags, growths, moles, etc. Not sure if your mole is dangerous? Dr Treece will examine you to determine if a biopsy is needed.

Emage Skin Analysis This analysis allows us to see “what lies beneath” and the aging damage that is coming to the surface— so we can stop it! Complementary with a skin consultation, it helps us formulate the best treatment plan for your skin.

Peels We have many from deep to superficial. Based on your skin analysis, our aestheticians will discuss what will benefit you the most and fit into your lifestyle.

Skin care We carry MANY different products and even have our own compounded. Why? Every person’s skin is different! Yet with so many potions, we design a simple regimen just for you. All of our products are carefully tested and proven to yield results-and we are testing new products daily to assure we (and you) have the best. The real value in our aestheticians is that they put the correct products in the perfect combination for real results.

Dermaplaning Removes the dead top layer of skin and all the peach fuzz with it. Can be done alone or with a facial combo.

RENUION the latest and BEST skin tightening for the face and body. It yields a 100% response rate and we guarantee its results. It is a procedure that requires the doctor and there is a little down time. You have to see our photo results to believe!

CoolSculpting We have been doing CoolSculpt since 2011 and were the 1st to offer CoolSmooth. This amazing technology actually freezes away fat and like liposuction, it's gone forever. Unlike liposuction, there's no anesthesia, no incisions, and NO surgery. Since you are still removing fat, the best results are achieved by a doctor experienced with liposuction (WE have been doing lipo for over 25 yrs.) Dr. Treece will examine you to determine the best CoolSculpt placement options for OUR proven results. Beware of your \$\$ with inexperienced doctors or doctors who have their employees perform your procedure.

Wrinkle Fillers Dr Treece has been erasing wrinkles for over 20 years! There are so many fillers-what do YOU need, what lasts the longest, and how much will it take to get your desired results? Here's where 20+ years of experience counts. If you have around 30 minutes, she can take off the years- **guaranteed**. Who else says this?

Botox and Xeomin Dr. Treece will explain how they relax wrinkle lines and again- **guarantee** your results. Our loyal customers get tox for as low as \$11 per unit- all day every day!

Hand Rejuvenation We have multiple options for pretty paws! Did you know that in about 30 minutes we can hide those ugly tendons and veins? Don't let your hands reveal your age.

This menu is only a summary of our medical spa services. Our technology is always changing to bring you the best and latest. Everything we do here is tested by us on us. Our result photos are our results, not company stock photos. We stand behind our results and guarantee our ethics.

SUBLIME Dubbed the 'RED CARPET FACELIFT', this no down time procedure provides an immediate lift for the lower face and neck. Recommended as a series, the collagen continues to improve for 6 months.

SUBLATIVE Microablative RF works to resurface and stimulate the deep supportive collagen with minimal recovery. Recommended as a series and pairs well with micro-needling.

COSMETIC SURGERY From Mommy Makeovers to Daddy Do-overs, we do every Nip Tuck you can imagine: lipo, face lift, neck lift, tummy tuck, thigh lift, breast lift, breast reduction, augmentation.....
